CALL FOR PAPERS
PJS SPECIAL ISSUE ON NUCLEAR SCIENCE AND TECHNOLOGY

The Philippine Journal of Science (PJS) is now accepting submissions for a special issue on Nuclear Science and Technology (NST). This special issue is dedicated to presenting and exploring discoveries, applications, and benefits of NST in the Philippines.

WE WILL ACCEPT SUBMISSION OF PRIMARY RESEARCH OFFERING NOVEL INSIGHTS INTO:

- Application of nuclear, radiation, and isotope techniques in:
  - Agriculture
  - Health and medicine
  - Food
  - Environment
  - Industry
  - Energy
  - Archaeology (e.g. radiation dating)

- Development of nuclear, radiation, and isotope technique

- Medical physics
  (Nuclear medicine, radiation oncology, etc.)

- Nuclear and reactor physics, and engineering

- Nuclear and radiation safety, security, and safeguards

- Nuclear materials

- Radiation detection and measurements

- Radiation processing

- Nuclear science and technology education and training

The deadline for submission is **JUNE 15, 2019**. Authors are advised to consult the most recent issue of the Philippine Journal of Science for the current format and style.

**SUBMISSIONS ARE SENT VIA EMAIL TO:**

The Editor-in-Chief
Philippine Journal of Science
Science and Technology Information Institute (STII)
DOST Complex, Bicutan
Taguig City, 1631 PHILIPPINES
